# Authentic Work Experiences with Middle School Students with ED/BD and ASD

Amy Slagle

Amanda Greenwood

They have the opportunity to participate in a lower restrained environment

There are various jobs for different ability levels

Peer models for social and language skills

Students receive vocational skills before high school

#### Benefits of a School Coffee Shop for ASD Students

#### Social Skills and Language Practice for ASD Students

#### Language:

- Builds their functional language vocabulary for work related tasks
- Real-world experience with comprehending answers to complete tasks

#### Social skills:

- Practice appropriate conversational skills
- Asking questions and actively listen to answers

#### Benefits of a School Coffee Shop for BD Students

positive interactions between staff and challenging students

job and real-world experiences for students who may struggle to obtain and sustain stable employment

a structured environment where our students experience success in the school setting Benefits of a School Coffee Shop for BD Students

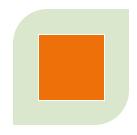

LEADERSHIP
OPPORTUNITIES FOR BD
STUDENTS

A STRUCTURED
ENVIRONMENT OUTSIDE
THE CLASSROOM TO
PRACTICE PEER
INTERACTIONS

TEACHES ED/BD STUDENTS
HOW TO BE PATIENT AND
INTERACT WITH THOSE WHO
MAY BE DIFFERENT THAN
THEM

GIVES BOTH ASD AND ED/BD STUDENTS SOMETHING TO LOOK FORWARD TO

GIVES THE STUDENTS SOME INDEPENDENCE AND GAINS CONFIDENCE

## Benefits of ASD and ED/BD Students Working Together

#### How our Coffee Shop works- General Information

- Coffee Shop runs 1 day a week 7<sup>th</sup> graders run it Friday morning, 8<sup>th</sup> graders prepare for it Thursday afternoon.
- Students learn about food handling and safety. They must pass a simple test before they work directly with food/beverages
- We serve Coffee, Hot Tea, and Hot Chocolate.
- Teachers can order their coffee to be delivered or they can come to our shop in my classroom and pickup their order in person.
- Students with ASD, Emotional Disorders, and New-Comer ELL students work together
- We had a blind student and a deaf student working with us as well
- We have a frequent shopper punch card, Buy 10 get 1 free
- We also sell a prepaid card that automatically includes the free drink (Many teachers expressed a concern that they wouldn't remember to bring money)

### How our Coffee Shop Works- Prep

Students write out all online orders and put the hot chocolate/tea, sweetener, and creamer in the cups, so they are ready to be delivered the next day.

We pre-grind our coffee and fill up the coffee makers and electric kettle with water

If we are providing a treat (biscuits and gravy, breakfast pizza, breakfast burritos, cinnamon rolls) students prepare this the afternoon before as well.

We have several jobs for our students

Barista- Pours Coffee, Makes hot chocolate, pours hot water for tea. They fill pre-orders and in person orders

Cashier- Greats customers, takes orders, communicates total to customer, takes money, counts change and thanks customer for their patronage

Food server (If we are serving a food)- Using gloves, students portion out and transfer food to plates or bowls

Delivery Crew-Takes drinks and food to customer, communicates total, takes money/punches punch card, returns change to customer if needed

## How our Coffee Shop Works- During Coffee Shop

#### Setting up a Coffee Shop in Your School

Get permission from your principal

Permission slips from parents for students to handle boiling water

Permission slips for their image to be used in your thank-you for Donor's Choose (if you funded your program through Donor's Choose)

Training students for food handling

How are you going to make your coffee? Fresh Beans, Pre-ground coffee, K-cups, Drip coffee maker...

Where are you going to house your coffee shop?

Will you have a "store front" or will you deliver

Will you charge for your drinks? (students able to practice handling money)

Will you use disposable cups or reusable cups? (we use plastic coffee cups- but they don't protect your hands from the heat- cup koozie)

#### How to Fund a School Coffee Shop using Donor's Choose

- We used Donor's Choose to fund our Coffee Shop.
- Decide what items you need to get your Coffee Shop off the ground. You can do a follow-up project to buy more later.
- It is easier to get a project funded if it is under \$700.
- However, if it is your first project you get a 1-time code that doubles donations that is good for a week.
- It is highly suggested that you build in a donation back to Donor's Choose.
- You must have pictures for your profile. If there are students in your pictures you need to have signed release forms for them.
- You can shop through Amazon, I found the best deals through Amazon.
- There are different times throughout the year that lend to getting projects funded.
- Search through the match offers to make sure that you can maximize your donations.
- Don't worry- You don't have to depend on friends and family to fund your project. Many people search through classroom projects to help fund projects that speak to them.
